This is an annual program conducted by the Danang Association for the Victims of Agent Orange in coordination with other agencies and departments as well as mass organizations in the area. This advocacy program has been taken place in order to raise fund and support for more than 5,000 victims of Agent Orange in the community, and nearly 200 children living and studying at the Center. At the same time, the program calls for sustained support for the operation of a Health Care Center which will provide rehabilitation service, health promotion for the victims. This is an opportunity to express gratitude to the organizations and individuals for their support and contribution for Agent Orange victims in Vietnam.
